LOCAL AND GENERAL.

The French gunboat *Vipere* left Nagasaki for Kobe on the 1st ulto.

The Portuguese gunboat *Rio Lima* arrived at Nagasaki from Chefoo on the 4th inst.

The Marquis Tseng, according to late advices from Peking, is suffering from serious indisposition.

The Ocean Steamship Co.'s steamer *Hector* from Liverpool, left Singapore this morning, and is due here on the 20th inst.

LATEST advices from Aden are to the effect that the Messengers Maritimes' steamer *Andayr* has broken in two and is rapidly going to pieces.

A MARINE COURT will be held at the Harbour Office to-morrow at 10 a.m. to enquire into the loss of the British steamship *Altair*.

A MEETING of those interested in the Drainage and Water supply at the Peak is being promoted. It will be held at 4 p.m. on Friday next; at the City Hall.

A MANCHU con factor who was caught yesterday expeditiously clearing a site at Mount Kellet by rolling the stones down the hill-side, was fined \$20 this morning.

THE *Straits Independent* of the 31st ulto. is informed on very good authority that several deaths from cholera had occurred in Penang during the preceding four days.

It is said that the rising of the water in the Grand Canal, mentioned in Chinese papers, would indicate that some of the Yellow River water is coming down that way.

IT appears that the steamer *Fungshun* struck the rocks off Alcate Island, at between 6.30 and 7 p.m. and in broad daylight, Capt. Tidall was on the bridge at the time of the accident.

THE Nagasaki *Rising Sun* of the 7th inst. bears that the steamship *Auguste* has broken down and put into Kobe for repairs, after which she will load there for Hongkong, and thence proceed home.

ACCORDING to Singapore papers, the telegram of the 4th inst. announcing fresh annexations in the Pacific Ocean should read—"England has annexed the Union and Phoenix groups in the Pacific."

A COLORED seaman named Hyder Ali was found dead this morning at 6.15 o'clock, by the police, in a house of evil repute in East Street. The body was taken to the Mortuary to await the usual inquiry.

OF the 236 vessels which entered at the Shanghai Customs last month, 122 were British, 66 Chinese, 21 German, 15 Japanese, 5 French, 2 American, 2 Norwegian, 2 Danish, and 1 Italian. In June the entries were 225.

IT is worthy of note that Li Hung-chang, the great Viceroy of Chihli, on hearing that the China Merchants' Co.'s steamer *Fungshun* had gone ashore, immediately ordered a man-of-war to proceed to the locality and protect the steamer.

DEAD tigers would appear to be a cheap commodity in the Malay Peninsula. A large tiger, the *Malacca Chronicle*, was shot by a Malay at Ayer Panas the other day and was brought in to the Central Station, where it was put up to auction. It was knocked down to Mr. G. Copley for the sum of fourteen dollars.

TO SNEAK-thieves were whaled with the rod of justice this morning. One stole a car from a woman in Queen's Road last night, and the other snatched a gold ear-pick from a female near the Canton wharf during the afternoon. The first was sentenced to three months' imprisonment, and eighteen strokes of the bamboo; the other, being more juvenile, got a fortnight, and nine strokes.

"WHAT'S this?" asked the editor, scanning a bill for gas "for a poem" just handed him by a stranger. "My dear man, I have used no poem of yours in my publication!" "I know, sir, but your wife accepted it." "How could my wife do any such a thing as that?" "It was a poem in lace and flowers, and she used it at the top of her spinal column." "A bonnet?" "Yes, sir."

THE *Shen Pao* announced that an Imperial Edict was published on the 6th instant transferring Yüliu, the Viceroy of the Hukungs, to the post of Military Governor of Shinking, one of the Manchurian provinces. Yüliu is a Manchu, who was Financial Commissioner, and Governor of Anhui. In August 1884 he had to resign in mourning, and was appointed Viceroy of Hukung in April, 1885.

THE Singapore *Straits Times* of the 6th inst. has the following, with reference to the tobacco planting industry in British North Borneo:—The Borneo S. Co.'s steamer *Paknam*, now in port, has brought 93 bales of tobacco from the Seganna Estate of the Tobacco Company of British North Borneo, of which Mr. George Stephens is Manager. This first crop has been grown by a mere handful of coolies amidst the usual difficulties of opening up a new estate, and the result promises very well for the future of this plantation, where tobacco is now being grown on a large scale. The *Paknam* during the two previous voyages brought up about 600 bales from the Ranow estate of the Count de Geloë, one of the most successful of North Borneo planters, and to whom the country owes a great deal. The *Paknam*, of the same line, also brought up 50 bales from another estate, and further shipments have been made by "blue funnel" boats. The prospects of nearly all the estates are most encouraging, and the initial difficulties having been fairly well overcome by this time, it may reasonably be expected that the different plantations will now make rapid progress.

General Boulanger has issued another manifesto, in which he indignantly protests against the charge of peculation made against him by the Government.

THE C. N. Co.'s steamer *Tsinan*, with the first new season's tea from Foochow to Melbourne, arrived at that port on the 13th inst.

A HAWKES went into Government House last evening to sell some cinnamon bark to Sir G. W. de Vaux, Esq., and a policeman ran him in for being there with illegal objects. Mr. Pollock dismissed the case to-day.

THE SANCTUARY SANHEDRIM.

STRAINED RELATIONS.

Regular meeting of the Sanitary Board held this afternoon. Typhoons, in more senses than one, expected. The Hon. By-and-by Samuel Brown and Mr. Wong Shing the only punctual arrivals. Everybody else scared to come, apparently. At 4.25 President goes out in the "Exit fire-robber" style, and brings in the Acting Registrar-General and Mr. Edie. Latter has a big lot of papers. Clouds on the horizon. Mr. Humphreys arrives at 4.30, followed by Dr. Ho Kai and some youthful P.W.D. officials. Next comes Major-General Gordon. Mr. Francis not in evidence. First business question of the Bye-laws. Somebody suggested that a sub-committee be appointed to go into the details and report. Thought they were passed at the last meeting. President believes that the Board could run through in a couple of jiffy. Then thinks the Inspector of Markets should have a look at them first. Sub-committee finally named. Advent of Mr. Francis, with more papers. Second item on the programme—the question of the Peak drainage—reached. President explains that the Government wrote to the Board on the 30th April, and by some unaccountable means the communication was not brought before the Board, as a Board, until now. As the matter had been revised he didn't think they need go back to the original memorial. He believed that one of the members had kept the papers. As H.E. the Governor had stated in a published letter that he was going to receive a deputation it would be useless to do anything until they saw what His Excellency said. That would be before next meeting, probably. Mr. Francis thought they ought to let the public know all about it. Like George Washington, he could not tell a lie—it was him that kept the papers, and he blushed to own it. The Peak drainage was an important matter, and the public ought to know all about it. The Board could do nothing. The President was of opinion that the explanation as to the detention of the papers was not sufficiently apologetic, and went back to it. He had been told that the Secretary could not get the "papers" back, and therefore could not bring the matter before the Board. Mr. Francis admitted keeping the documents between two and three months, and getting several reminders from the Secretary, and yet says that if he had been told they were really wanted he would have sent them back instantly.

THE SYDNEY paper describes Sir Henry Loch, late Governor of Victoria, who will succeed Sir Hercules Robinson at the Cape as "a person of commonplace mind, who 'travels' chiefly by his beard, and is rather bald on the inside of his skull." Popular feeling, it is predicted, will all be against him in South Africa.

AMONG other occurrences cited in proof of the report that Russia contemplates an early aggressive movement in some direction is the fact that 4,000,000 pairs of boots have been ordered for army use. Plans have also been recently adopted for the erection of a new series of fortifications in Poland at a cost of between 20,000,000 and 30,000,000 rubles.

THE Selangor correspondent of the *Straits Times* hears that over two thousand piculs of tin ore have been obtained by the fast washing at Rawang. If money were not so inconvenient "light" in this colony at present, the valuable information just quoted would have doubtless led to a fresh "boom" in Punjungs and Selarans. But things generally, and the ancient army of brokers in particular, are awfully sick just now.

GAMBLING clubs are being a good deal raided just now, between the police and the gang of robbers. During this week a large number of them have been voluntarily closed, since the conviction of some club-men on Monday. But there are a very great many left, and we may inform Major-General Gordon, not a few regular fan-tan dens, where high gambling goes on, and whose proprietors pay regular high money to more prominent and affluent members of the force than mere constables.

APPROPOS of the alleged "war scare" which European correspondents have been writing a good deal about recently, some one in England has collected statistics of the loss of life in battle since 1852. Between 1852 and 1877 there were 1,048,000 lives lost in war. The total cost of the war was included in these figures was £2,410,000,000. Each life, then, involved the expenditure of £2,000. It is pointed out that a far less sum spent in arbitration and the payment of just indemnities would have accomplished much more than these expensive wars.
